# PRODUCTS & SOLUTIONS

## TABLE OF CONTENTS

### **Parquet Adhesives** **3**

- Two-Component Parquet Adhesives
  - BND 9009 Elastic Parquet Adhesive
  - BND 9009 ES Elastic Parquet Adhesive
- One-Component Parquet Adhesives
  - BND 1000 W Water Based Parquet Adhesive
  - BND 1000 S Silane Based Parquet Adhesive

### **Artificial Grass Adhesives** **4**

- BND 7007 (7+1) Artificial Grass Adhesive

### **Neoprene Contact Adhesives** **4**

- Neofix Contact Adhesive

### **Parquet Varnishes** **5**

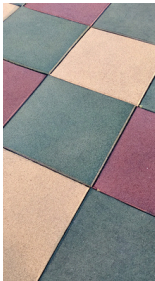

- Two-Component Parquet Varnishes
  - Polyurethane Water Based Parquet Varnish
  - Acrylic Water Based Parquet Varnish
- One-Component Parquet Varnishes
  - Polyurethane Water Based Parquet Varnish
  - Acrylic Water Based Parquet Varnish

### **Rubber Floor Adhesive** **6**

- BND Diamond Two-Component Flooring Adhesive

### **PVC/LVT/Linoleum Adhesives** **6**

- U-400 PVC & Vinyl Flooring Adhesive
- BND Carpetmax Carpet & Elastic Tile Flooring Adhesive

### **Wallcovering Adhesives** **7**

- BND WCA Ready-To-Use Wallcovering Adhesive

### **Primers** **7**

- BND AC 50 Acrylic Primer

### **Floor Coatings** **8**

- BND ES 5000 Silane Based Floor Coating

# A TRUSTED PARTNER FOR YOUR PURSUIT OF EXCELLENCE

---

Welcome to BND Chemicals, where our commitment to excellence is more than just a business ethos – it's a promise we uphold in every solution we deliver. As a global player, we take pride in curating a selection of the finest industrial adhesives.

Our journey is fueled by a passion for redefining standards in industrial bonding. We excel in providing you with a handpicked collection of high-precision adhesives, ensuring your projects benefit from the best in the market.

At BND Chemicals, we understand that success is not just about delivering products; it's about forging lasting partnerships. Our personalized approach goes beyond distribution, offering you integrated consultancy, technical support, and a level of service that prioritizes your unique needs.

# PARQUET ADHESIVES

## Two-Component Parquet Adhesives

### BND 9009 (9 + 1)

- Two component, solvent free, polyurethane based parquet adhesive
- 9/1 mixing ratio
- 45-60 minutes drying time
- Suitable for heating systems
- Easy to apply
- 1.25-1.50 kg/m<sup>2</sup> consumption
- 10 kg plastic or metal bucket

### BND 9009 ES (9 + 1)

- Two component, solvent free, silane added, polyurethane based parquet adhesive
- 9/1 mixing ratio
- 60-90 minutes drying time
- Suitable for heating systems
- Easy to apply
- Provides sound and heat insulation
- 1.00-1.25 kg/m<sup>2</sup> consumption
- 10 kg plastic or metal bucket

## One-Component Parquet Adhesives

### BND 1000 W

- One component water based parquet adhesive
- Eco friendly, solvent free product
- 45-60 minutes drying time
- Easy to apply, easy to carry
- Strong and Permanent Adhesion
- 1.00-1.25 kg/m<sup>2</sup> consumption
- 10 kg, 20 kg plastic or metal bucket

### BND 1000 S

- One component, solvent free, silane based parquet adhesive
- 60-90 minutes drying time
- Provides flexible adhesion power due to its silane based nature
- Easy to apply, easy to carry
- Strong and Permanent Adhesion
- 1.00-1.25 kg/m<sup>2</sup> consumption
- 10 kg, 20 kg plastic or metal bucket

# ARTIFICIAL GRASS ADHESIVES

## BND 7007 (7 + 1)

- Two component, solvent free, polyurethane based artificial grass adhesive
- 7/1 mixing ratio (A:20,4 kg , B:2,6 kg)
- Green colored
- 45-60 minutes drying time
- Easy to apply
- Flexible after last curing
- Resistant to moisture and harsh weather conditions after last curing.
- 500 - 1000 gr/m2 consumption

# NEOPRENE CONTACT ADHESIVES

## BND Neofix Contact Adhesive

- Strong adhesive for daily use. (Wood, Metal, Plywood, Rubber, Leather, Glass, Chipboard, Furniture)
- Waterproof and resistant to all strong chemicals after last curing.
- Resistant to temperatures between -23°C and +110 °C after last curing
- Light yellow colored
- Can be applied with a brush
- 10-15 minutes drying time
- Impossible to dissolve after last curing
- Easy to apply
- 1 kg, 3 kg, 14 kg metal bucket packaging

# PARQUET VARNISHES

## Two-Component Parquet Varnishes

### Polyurethane Water Based Parquet Varnish

- Two component, solvent free, polyurethane water based varnish (A: 5kg, B: 0,5kg)
- Light white colored
- High parquet protection after last curing
- Provides a shiny finish (Gloss 90)
- Easy to apply
- 100 - 150 gr/m2 consumption

### Acrylic Water Based Parquet Varnish

- Two component, solvent free, acrylic water based varnish (A: 5kg, B: 0,5kg)
- Light white colored
- High parquet protection after last curing
- Provides a naturel parquet finish
- Easy to apply
- 100-150 gr/m2 consumption

## One-Component Parquet Varnishes

### Polyurethane Water Based Parquet Varnish

- One component, solvent free, polyurethane water based varnish
- Light white colored
- High parquet protection after last curing
- Provides a shiny finish (Gloss 90)
- Easy to apply
- 100 - 150 gr/m2 consumption
- 5 lt. plastic package

### Acrylic Water Based Parquet Varnish

- One component, solvent free, acrylic water based varnish
- Light white colored
- High parquet protection after last curing
- Provides a naturel parquet finish
- Easy to apply
- 100 - 150 gr/m2 consumption
- 5 lt. plastic package

# RUBBER FLOOR ADHESIVES

## BND Diamond

- Two component, solvent free, polyurethane based rubber flooring adhesive
- 9/1 mixing ratio
- Light colored
- 45-60 minutes drying time
- Easy to apply
- Flexible after last curing
- Resistant to moisture and harsh weather conditions after last curing.
- 300 - 1000 gr/m<sup>2</sup> consumption
- 9 kg A and 1 kg B plastic bucket

# PVC/LVT/LINOLEUM ADHESIVES

## BND U-400

- Solvent-free dispersion adhesive for PVC and Vinyl flooring
- Easy to apply
- Light Grey colored
- Application time 10-15 minutes
- High adhesion strength
- 200-250 gr/m<sup>2</sup> consumption
- 20 kg plastic bucket

## BND Carpetmax

- Solvent-free dispersion adhesive for PVC, linoleum, elastic, textile flooring, carpet tile and rubber tile
- Good shear resistance
- Pressure sensitive
- Exhibits excellent cohesion even at elevated temperatures.
- 20 kg plastic bucket

# WALLCOVERING ADHESIVES

## BND WCA Ready-To-Use Wallpaper Adhesive

- One component, wallpaper and wall covering adhesive
- Easy to apply, does not need to be diluted, ready to use
- High initial tack
- Good slip properties
- Powerful final adhesion
- Approximately 200-250 gr/m<sup>2</sup> consumption
- 20 kg plastic bucket

# PRIMERS

## BND AC 50 Acrylic Primer

- Solvent-free, acrylic primer
- Odorless and off-white colored
- Prevents dusting and increases adherence power of the adhesives
- Application areas are Cement Based Flaps, Leveling Screeds, Concrete Floors, Wooden Floors, Marble Surfaces, Wallpaper Applications
- 150-300 gr/m<sup>2</sup> consumption
- 20 kg plastic bucket

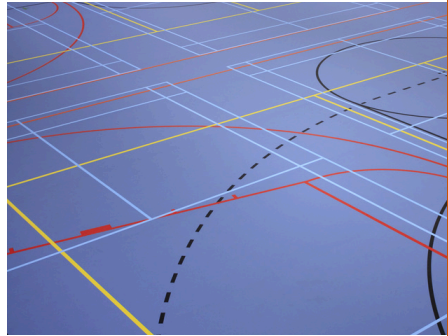

# FLOOR COATINGS

## BND ES 5000 Silane Based Floor Coating

- One component silane based floor coating.
- Does not need primer before the application.
- Resistant to moisture and harsh weather conditions after last curing.
- Good chemical and mechanical strength after last curing.
- Can be use on Parking Garages, Car Repair Shops, Train Stations, Logistics Centers, Showrooms, Restaurants, Convention Centers, Museums, Agricultural Applications
- For the first layer 100 gr/m<sup>2</sup> and the second layer 50 gr/m<sup>2</sup> consumption will be enough.
- 20 kg plastic bucket
